GLG 16/N000

Special fluid grease for gear

ELKALUB GLG 16/N000 is a semi-liquid lithium-soap grease with a good resistance to oxidation as well as an excellent sliding friction behaviour and a high loadcarrying capacity. The semi-liquid grease is well conveyed in central lubrication systems.

This is a special product which can be produced individually for you on request. Smaller quantities can apply. Please just talk to us.
